基础大纲词　精读补充词　核心重难词
常考大纲短语　核心精读短语　考点长难句

P1 ① **Grade inflation** (分数通胀) — the gradual increase in average GPAs (逐步的 平均的) **(grade-point averages)** (平均学分绩点（GPA）) **over the past few decades** (在过去的几十年中) — is often considered a product of a **consumer era** (消费时代) in **higher education** ((尤指达到学位水平的）高等教育), in which students are treated like customers to be pleased. ② But another, related force — a policy (政策) often **buried** (埋藏于…) deep **in** course catalogs (目录) called "grade forgiveness" — is helping raise GPAs.

①分数膨胀——指过去几十年间，平均GPA（平均学分绩点）逐步攀升——通常会被视为是高等教育进入消费时代的产物。在这个时代，学生被当作需要被取悦的顾客对待。②但是，还有另一种相关的推动力——一项深藏于课程目录间、常被称为是"成绩宽恕"的政策——也正助力于平均绩点（GPA）的提高。

P2 ① Grade forgiveness allows students to retake a course in which they received a low grade, and the most recent grade or the highest grade is the only one that **counts in** (把…算入) calculating (计算) a student's overall (综合的) GPA.

①"成绩宽恕"政策允许学生重新选修得分低的课程，而在计算学生的总GPA时，只将最近或最高的一次成绩算在内。

P3 ① The use of this little-known (鲜为人知的) practice has accelerated (加速) **in recent years** (近年来), as colleges **continue to** (持续) **do their utmost** (尽全力) to keep students in school (and paying tuition (学费)) and improve their **graduation rates** (毕业率). ② When this practice first started decades (十年) ago, it was usually **limited to** (限制) freshmen, to give them a second chance to **take a class** (参加课程) in their first year if they struggled in their transition (过渡) to college-level courses. ③ But now most colleges, **save for** (除了…外) many selective campuses ((大学）校园), allow all undergraduates (本科生), and even **graduate students** (研究生), to get their low grades forgiven.

①近年来，随着大学持续竭尽全力将学生留在学校（并支付学费）、提高毕业率，这种鲜为人知的做法得到了更快的推行。②几十年前，这种做法首次被施用时，其应用范围通常只限于大一新生，为的是在他们很难过渡到大学课程的情况下，多给予他们一次在第一年重修的机会。③但现在，除许多知名院校外，大多数大学都允许所有本科生，甚至研究生，得到低分"宽恕"。

P4 ① College officials **tend to** (往往会) emphasize (强调) that the goal of grade forgiveness is less about the grade itself and more about encouraging students to **retake courses** (重修课程) critical (关键性的) to their **degree program** (学位课程) and graduation without incurring (遭受) a big penalty (处罚). ② "Ultimately," (最终) said **Jack Miner**, ([人名]杰克·米纳（俄亥俄州立大学的注册官）) **Ohio State University** ((美国）俄亥俄州立大学)'s registrar, "we see students **achieve** (取得成功) more **success** because they **retake a course** (重修课程（retake a course）) and do better in subsequent (随后的) courses or master (掌握（精通的程度）) the content (内容) that allows them to graduate (毕业) **on time** (按时)."

①大学管理者总会强调说，成绩宽恕的目的与其说是在于成绩本身，不如说是为了鼓励学生在免受严重处分的情况下，重修那些事关学位和毕业的课程。②"最终，"俄亥俄州立大学的注册官杰克·米纳说，"我们看到，学生们取得了更大的成功，因为他们重修了一门课程而在后续的课程中表现得更好了，或者掌握了能让他们得以按时毕业的内容。"

P5 ① **That said** (虽然如此), there is a way in which grade forgiveness satisfies colleges' own needs **as well** (也). ② For **public institutions** (公共机构), state funds (（联邦制共和国的）州 拨款) **are** sometimes **tied** (捆绑于…；与…挂钩) partly **to** their success on metrics (衡量标准) **such as** (例如) **graduation rates** (毕业率) and student retention (留校率) — so better grades can, by boosting (提高) figures (数字) like those, mean more money. ③ And anything that raises GPAs will likely make students — who, **at the end of the day** (最终), are paying the bill — feel they've gotten a better value for their tuition (学费) dollars, which is another **big concern** (重要关注点) for colleges.

①即便如此，成绩宽恕也可以通过某种方式满足大学自身的需要。②对于公立机构来说，州政府拨款有时部分关乎于学校在毕业率、学生留校率等指标上的成功——因此，成绩变得更好、这些数字提升得更高，意味着可以获得更多的资金。③而且，任何提高GPA的措施都可能会让学生——最终的买单者——觉得自己的学费花得更值，这是大学极为关心的另一点。

P6 ① Indeed, grade forgiveness is just another way that universities are responding to consumers' expectations for higher education. ② Since students and parents expect a college degree to lead to a job, it is in the best interest of a school to turn out graduates who are as qualified as possible — or at least appear to be. ③ On this, students' and colleges' incentives seem to be aligned.

①事实上，成绩宽恕只是大学回应消费者对高等教育期望的另一种方式。②由于学生和家长都希望大学学位能带来一份工作，所以培养出尽可能合格的毕业生——或者至少看起来是合格的——对于学校来说是最有利的做法。③在这一点上，学生和大学的动机似乎是一致的。

Q1. What is commonly regarded as the cause of grade inflation? 细节题

[A] The change of course catalogs.

[B] Students' indifference to GPAs.

[C] Colleges' neglect of GPAs.

[D] The influence of consumer culture.

引起分数膨胀的原因通常被认为是什么？

A.课程目录的变更。

B.学生对GPA的漠不关心。

C.大学对GPA的忽视。

D.消费者文化的影响。

Q2. What was the original purpose of grade forgiveness? 细节题

[A] To help freshmen adapt to college learning.

[B] To maintain colleges' graduation rates.

[C] To prepare graduates for a challenging future.

[D] To increase universities' income from tuition.

"成绩宽恕"政策最初实行的目的是什么？

A.帮助新生适应大学学习。

B.维持大学毕业率。

C.让学生为充满挑战的未来做好准备。

D.增加大学的学费收入。

Q3. According to Paragraph 5, grade forgiveness enables colleges to____. 细节题

[A] obtain more financial support

[B] boost their student enrollments
