P1 ① **Come on** – Everybody's doing it. ② That whispered message, half invitation and half forcing, is what most of us **think of** when we hear the words **peer pressure**. ③ It usually **leads to no good** -- drinking, drugs and casual sex. ④ But in her new book **Join The Club**, **Tina Rosenberg** contends that **peer pressure** can also be a positive force through what she calls the social cure, in which organizations and officials use the power of **group dynamics** to help individuals improve their lives and possibly the world.

①来吧--大家都在这么做。②这种半是邀请、半是逼迫的耳语，正是我们大多数人一听到“同辈压力”这个词时脑海中浮现的画面。③它通常没有好结果--酗酒、吸毒、随便的性关系。④但蒂娜·罗森伯格在新书《加入俱乐部》中主张，通过她所说的“社会疗法”，同辈压力也可以成为一种积极力量；在这种疗法中，组织和官员借助群体动力，帮助个人改善生活，甚至有可能改善世界。

P2 ① Rosenberg, the recipient of a **Pulitzer Prize**, offers **a host of** examples of the social cure **in action**: In **South Carolina**, a state-sponsored antismoking program called **Rage Against the Haze** **sets out** to make cigarettes uncool. ② In South Africa, an HIV-prevention initiative known as LoveLife recruits young people to promote safe sex among their peers.

①罗森伯格曾获普利策奖，她列举了大量社会疗法付诸实践的例子：在南卡罗来纳州，一项由州政府发起、名为“对抗烟雾”的禁烟项目，力图让吸烟变得不再“酷”。②在南非，一项名为“关爱生命”的艾滋病预防计划招募年轻人，在同龄人中推广安全性行为。

P3 ① The idea seems promising, and Rosenberg is a perceptive observer. ② Her critique of the lameness of many public-health campaigns is spot-on: they **fail to** mobilize **peer pressure** for healthy habits, and they demonstrate a seriously flawed understanding of psychology. ③ "**Dare to** be different, please don't smoke !" pleads one billboard campaign **aimed at** reducing smoking among teenagers, —teenagers, who desire **nothing more than fitting in**. ④ Rosenberg argues convincingly that public health advocates **ought to take a page from** advertisers, so skilled at applying **peer pressure**.

①这一理念看起来颇有前景，罗森伯格本人也是一位目光敏锐的观察者。②她对许多公共卫生宣传活动效果不佳的批评十分准确：这些活动未能利用同辈压力来促进健康习惯，而且显示出其对心理学的理解存在严重缺陷。③“敢于与众不同，请不要吸烟！”--一项旨在减少青少年吸烟的广告牌运动如此呼吁，可青少年最渴望的恰恰就是融入群体。④罗森伯格令人信服地指出，公共卫生倡导者应向广告商学习，因为后者极其擅长运用同辈压力。

P4 ① But on the general effectiveness of the social cure, Rosenberg is less persuasive. ② **Join The Club** **is filled with** too much irrelevant detail and not enough exploration of the social and biological factors that make **peer pressure** so powerful. ③ The most glaring flaw of the social cure as it's presented here is that it doesn't work very well for very long. ④ **Rage Against the Haze** failed once state funding was cut. ⑤ Evidence that the LoveLife program produces lasting changes is limited and mixed.

①但在社会疗法的总体成效问题上，罗森伯格的论证就没那么有说服力了。②《加入俱乐部》一书充斥着过多无关细节，却没有充分探讨那些使同辈压力如此强大的社会和生物因素。③书中所呈现的社会疗法最明显的缺陷是：它的效果既不算好，也维持不了多久。④“对抗烟雾”一旦州政府停止拨款便宣告失败。⑤能证明“关爱生命”项目带来持久改变的证据既有限，又不一致。

P5 ① There's **no doubt** that our peer groups **exert** enormous **influence on** our behavior. ② **An** emerging **body of** research shows that positive health habits —**as well as** negative ones —spread through networks of friends via social communication. ③ This is a subtle form of **peer pressure**: we unconsciously imitate the behavior we see **every day**.

①毫无疑问，我们所处的同龄人群体对我们的行为有着巨大影响。②新兴的研究表明，健康的习惯--以及不健康的习惯--都会通过社交往来在朋友网络中传播。③这是一种潜移默化的同辈压力：我们会不自觉地模仿自己每天看到的行为。

P6 ① **Far less** (远不及（此处是远远不能确定，即很难确定）) certain, however, is how successfully experts (专家) and bureaucrats (官僚) can select (选择) our peer (同龄人) groups and steer (引导) their activities in virtuous (道德高尚的) directions. ② It's like the teacher who **breaks up** (解散，（使）分离) the troublemakers in the back row by **pairing them with** (将…与…组在一起) better-behaved classmates. ③ The tactic (策略，办法) never really works. ④ And that's the problem with a social cure engineered from the outside: in the real world, as in school, we **insist on** (坚持) choosing our own friends.

①然而，专家和官员在多大程度上能够挑选我们的同龄人群体、并把他们的活动引向良善的方向，就远没有那么确定了。②
